

TAKE IMMEDIATE ACTION IF YOU WOULD LIKE TO SPEAK

COPY AND USE THIS PAGE TO NOTIFY US OF YOUR INTENT TO PRESENT

This is your opportunity to present your work to an interesting mixture of people. Our Virginia Association, working with the Virginia Floodplain Managers Association, addresses lakes and watersheds, engineering and life sciences, facilities, maintenance and public works, consulting, academic research and administration – we serve a challenging variety of people all working to improve Virginia’s lakes and watersheds.

Presentations are selected based on summaries of up to two pages which will be published in the conference proceedings. Appropriate topics include research and application in hydrology, hydraulics, limnology, water quality, biology, dam safety, dam maintenance, and related water subjects. Presentations will be logically grouped in the program. Upon acceptance, we will contact you as to your place on the schedule.
